4:30-6:30pm &
6:30pm-8:30pm
@ Schwartz Road Park

Avon High School Soccer Clinic (Staff & Objective)

Clinic Director....

Chris Doré, the new Head Boys Soccer Coach at Avon High School is directing the 1st Annual Summer Soccer Clinic presented by Avon High School Boys Soccer. A native of Lorain County, Coach Doré has experience playing soccer on just about every level that this country has to offer. After becoming a High School All-American at Lorain Catholic High School, Chris went on to earn a degree from Bowling Green State University where he also became a NSCAA Division I All-American. His success as a collegiate student-athlete gave him the opportunity to propel his playing career to the next level where he played over 5 years professionally for various teams such as the Charleston Battery, Virginia Beach Mariners, Syracuse FC, and most recently, the Cleveland Force of the MISL.

Along with the hiring of Chris Doré as the new Head Coach of the Boys program at Avon High School, comes an understanding that success in the future starts with the youth of today. He hopes that you and your child will take advantage of this great opportunity to learn from some of the best coaches around, and at the same time, support your future High School Soccer program.

Clinic Objective...

The summer clinic will provide each player with quality instruction from many of Coach Doré's former professional teammates. Each group will have their very own professional instructor, who will be assisted by members of the Boys Varsity Soccer team at Avon High School. The intended objective of this event is to create a positive learning environment for each child, successfully increasing their knowledge and ability within the game of soccer, as well as building character, confidence and an appreciation for their community's entire soccer program.
